
MEDIA RELEASE

SEVERAL ROADS CLOSED DUE TO FLOODING

7 February 2017
For Immediate Release

Several roads are closed following the widespread flooding after Tropical Disturbance 09F says Fiji Roads Authority Chief Executive Officer John Hutchinson.

“Some crossings have been washed out whilst some bridges and roads remain closed to all traffic as they are still underwater.”

He said the FRA is continuing to closely monitor the road situation in all four divisions.

“Please do not drive through flooded roads, find alternative routes where possible.”

Members of the public can contact Fiji Roads Authority on 5720 if they have queries regarding the affected roads and crossings.
