## FRA HANDOVERS CHEQUE TO FRANK HILTON ORGANISATION

**13 September 2018**

Fiji Roads Authority (FRA) handed over a cheque of \$3000, collected through fundraising and donations to the Frank Hilton Organisation.

FRA Chief Executive Officer Jonathan Moore says this was part of their corporate social responsibility in supporting the Frank Hilton Organisation as they continue to do their vital and wonderful job.

“Seeing smiles on the children makes it all worthwhile and we will definitely do something similar for them next year. We have had a good support from our staff who took part in the fundraising activities and we thank them for their hard work and effort,” Mr Moore said.

Frank Hilton Organisation Chief Executive Officer Sureni Perera says they are grateful for the gesture and has thanked FRA for providing support towards a worthy cause and their willingness to work towards making a difference.
