

7 Roads Completed Under SARUP 1

Fiji Roads Authority (FRA) has completed reconstruction of seven roads under the Suva Arterial Road Upgrading Project (SARUP 1). This contract was set up to improve the main arterial roads. The new and improved roads has an improved capacity which allows a balanced traffic-flow particularly during peak hours. These road works will also help prolong the life of the roads by preventing them from premature deterioration and provide a smooth journey to motorists. Contractor- China Railway Fifth Group.
