Re: Situation Report No. 9 as at 0800 Hours – Friday 19th October 2018

This situation report is to advise of the status of FRA's assets after the heavy rain event:

- There is a slip before Nasavu Village Road on the right hand side on Sawani Serea Road. We have closed off one lane. Motorists are advised to proceed with caution.
- Some roads still remain closed and impassable, especially in the Central and Western Division. Please find alternative routes where possible and take extra caution.
- The cracks that were appearing on Kings Road just before Nayavu Village, Tailevu were sealed yesterday. This is still open to traffic.
- Motorists are advised not to drive into water of unknown depth and current, as this can be life threatening and avoid places of known historical flooding or low-lying areas
- The FRA is closely monitoring the situation of the roads in all divisions. For further queries please call our toll free number 5720 or send an email to info@fijiroads.org
