

PUBLIC CONSULTATION

Fiji Roads Authority (FRA) will be holding a public consultation to receive feedback on the Local Area Traffic Management Trial (LATM) that is currently underway in Nadi.

Details are as follows:

Date: Friday, 7th December, 2018
Venue: Nadi Town Council Hall
Time: 10am to 1pm

Due to a high level of interest in this consultation, we will be holding a public event to give the road users an additional opportunity to ascertain ways of improving the current traffic congestion.

The LATM trial commenced on 29 October and will conclude on 8 December with a permanent layout works plan being drafted. Depending on the outcome of this consultation a draft layout plan will be finalised.

Please participate to have your say. You can contact the FRA Nadi Office on 6720573 or email info@fijiroads.org for any queries you may have.
