# PUBLIC ADVISORY

---

## **MAJOR NIGHT WORKS ON KHALSA ROAD FROM 8PM TO 5.30AM DAILY FROM MONDAY**

Fiji Roads Authority (FRA) would like to advise members of the public that we will be carrying out important road repairs on Khalsa Road during February. These works are targeted to treat the worst failed sections of road pavement between the Lakha Singh Road junction to the Kanace Road intersection.

Works will begin from 8pm to 5.30am daily from Monday night, 4<sup>th</sup> February and will be carried out at night throughout the month of February right through to March as weather conditions will play a great role in the delivery of this work. The site will be under traffic management during working hours.

These works are essential in ensuring motorists get a smoother and safer road surface in FRA's goal to provide the motorists with more reliable journey times. Other recent improvements to travel times on the road network includes completion of passing lanes on Queens Road near the Navua Hospital and Talenaua Village.

Other road reconstruction works planned in the month of February and March include Pratt Street in Suva City and Nausori Town Main Street.

We regret any inconvenience caused by these much needed works. **For further queries please call the FRA on 5720.**
