
MEDIA RELEASE

STAY INFORMED AND BE PREPARED FOR THE INCREASED RISK OF FLOODING

5 January 2019

Fiji Roads Authority (FRA) is urging members of the public to remain vigilant in light of Tropical Cyclone Mona.

FRA Chief Executive Officer Jonathan Moore says some roads and low-lying areas continue to be in danger of flooding as rainfall continues in most parts of the country.

“Our staff and contractors are prepared and on standby to work around the clock to care for those affected by the flood waters and make access for emergency and recovery services,” Mr Moore said.

He said several roads are being monitored for closure and they will continue to issue alerts and warnings as required.

“We are urging the public to please take all the necessary precautions and adhere to the advisories from relevant authorities.”

Members of the public can contact FRA on 5720 if they have queries regarding the affected roads and crossings.
