Capital Community Programme

The project covers work to improve the safety of pedestrians and travellers in communities on the outskirts of developed areas.

Ongoing construction of footpaths

Additional 14 sites (35km) for footpaths in the Western Division (\$19,407,300) - Andrews Street; Raniga Street; Saweni Street; Sigatoka Town – Highway to Hospital; Sigatoka Town Bridge to School; Rifle Range, Lautoka; Field 40, Lautoka; Banaras/Topline/Tavakubu Road, Lautoka; Simla; Lautoka Central Business District; Natabua, Navutu, Nadovu, Lautoka; Yalalevu, Kings Road (Moto Yaketi Road to Chatur Singh Road to Ba Muslim Primary School); Tavua Central Business District, Kings Road (Tavua College to Bridge); and Rakiraki Town to Rakiraki Hospital (Korotale Road to Hospital).

Streetlight Improvement Programme

The objective of the project is to create more secure society by improving visibility for drivers and making streets safer to walk at night. Street lighting provides a feeling of assurance, it beautifies Fijian streets and communities, and allows business to operate during the evening hours.

Nasoso Junction to Lautoka Four Laning Road Upgrading Project

The objective of the project is to construct a four lane road from Nasoso Junction to Lautoka to improve the travel time between this corridor. The project is expected to be climate-resilient, and where possible, electricity cables will be placed underground.

Fiji Roads Authority

East Bank of Sigatoka Valley Road Upgrading Project

The project aims to improve access for rural Fijians to markets and pave the way for better development. Preliminary works (investigation, scoping and design) for tarsealing of East Bank of Sigatoka Valley Road
