

PUBLIC ADVISORY

TRAFFIC SIGNAL VEHICLE DETECTION SYSTEM INSTALLATION WORK TO BEGIN ON S3 FOUR LANE PROJECT

Weather permitting, Fiji Roads Authority (FRA) will be carrying out traffic signal induction loop installation work at the four signalised intersections along the new section of the road from 9-miles to Rewa Bridge.

The works will be carried out from 8pm to 5am daily from Monday, 30th September to Friday, 11th October 19.

During this time, there will be single lane closures while induction loop installation works are being carried out on the road pavement and temporary traffic management will be deployed to guide motorists.

Motorists and pedestrians are requested to exercise caution and to follow the traffic management employed on site. The FRA regrets any inconvenience caused. For further queries please call the FRA on 5720.
