

Re: **Situation Report No. 02 as at 0600 Hours – Friday 18 December 2020**

This situation report is to advise of the status of FRA's assets due to the effect of TC Yasa

- Both Queens Road and Kings Road are open
- Landslide at Viwa on Kings Road has been cleared
- Fallen trees at Nailega just before Korovou Town in Kings Road has been cleared
- 11 roads closed in the Central Division, 15 roads closed in the Eastern Division, 15 roads closed in the Western Division and 31 roads closed in the Northern Division

The FRA is closely monitoring the situation for all divisions.

- FRA is reminding motorists not to move road closure signs or attempt to drive around barricades that block flooded roadways. These are placed for your safety and by entering flood waters you are potentially risking your own life and those of the emergency services.
- Do not swim, drive or walk in flood waters. If the roadway has been flooded, please take a detour as floodwaters can be deceptively strong.
- Flooded roadways can be more dangerous than they appear because the road may have washed away or maybe deeper than it appears with hidden hazards such as debris, sharp objects etc. Please be extremely cautious.
- Be aware of the possibility of rock falls, landslides and debris on the roadway amidst heavy rain.

Members of the public can call the FRA on **toll free number 5720** or email [info@fijiroads.org](mailto:info@fijiroads.org) shall they have any queries.

Keep up-to-date with the latest situation by following #FRAupdate on Facebook: Fiji Roads Authority and Twitter: @FijiRoads
