

PUBLIC ADVISORY

TRAFFIC SIGNAL UPGRADE WORKS AT THOMSON STREET, MHCC MIDBLOCK

Fiji Roads Authority (FRA) will be carrying out Traffic Signal upgrade works at the Thomson Street MHCC Midblock in Suva. During this time, the traffic signal will be shut down for 3 weeks starting from 7pm, Wednesday 20th October, 2021.

During this shut down, the changeover will be done from the old traffic signal system to a new one. This will also enhance safety for the pedestrians crossing.

Motorists and pedestrians are requested to exercise caution and to follow the traffic management deployed on site. For further queries please call the FRA on 5720.
