Fiji Roads Authority

Re: <u>Situation Report No. 02 as of 1000 Hours – Saturday 18th February 2023</u>

This situation report is to advise of the status of FRA's assets:

Several roads are currently affected in the Western, Central, and Northern Divisions due to flooding caused by heavy rain.

- FRA contractors and personnel in the Western, Central, and Northern Divisions are undertaking a reconnaissance exercise this morning, and reinstatement works will commence, especially on low-level crossing approaches as soon as the flood water recedes.
- The unsealed roads have suffered major damage, particularly the washing away of gravel.
- Members of the public are advised to take all the necessary precautions and avoid unnecessary travel, particularly on our impacted roads.
- Be aware of the possibility of rock falls, landslides, and debris on the roadway amidst heavy rain.
- Do not drive into water of unknown depth and current. If the roadway is flooded, please take alternative routes where possible.
- We are urging the public to please take all the necessary precautions and adhere to the advisories from relevant authorities.

Members of the public can contact the FRA on the toll-free number 5720 or email info@fijiroads.org

<u>NB: The list of roads closed is attached below:</u>

Members of the public can contact the FRA on the toll-free number 5720 or email info@fijiroads.org
